

## Gun Owners of America Endorses Brad Zaun for Congress

Gun Owners of America Political Victory Fund is proud to stand with Brad Zaun for Congress in Iowa's Third District.

Zaun is a strong defender of the Second Amendment, earning an "A" rating for his voting record in the Iowa State Senate.

His opponent, Leonard Boswell, likes to pretend to be pro-gun, but his own voting record tells a different story. In 2009 alone, Boswell voted three times against GOA's efforts to protect gun rights in national parks.

He also voted for the massive ObamaCare bill, despite repeated warnings from GOA that the new law does not contain adequate safeguards to keep government bureaucrats from using a federal database of medical records to strip gun owners of their Second Amendment rights.

And Boswell votes for Nancy Pelosi every two years to be Speaker of the House. Recently, Pelosi rammed through Congress, with Boswell's support, the so-called DISCLOSE Act that seeks to silence groups like GOA who criticize the voting records of members of Congress.

Iowa's gun owners and sportsmen deserve real leadership on gun rights issues. That is why we encourage all Second Amendment supporters to get behind the campaign of Brad Zaun.

And remember to inform all of your pro-gun family and friends in Iowa's Third Congressional District to vote for Brad Zaun in November.

Sincerely,

Tim Macy  
Vice-Chairman
